

## 3 bedroom Inland townhouse in Alora

**Asking Price: €135,200.00**

**For Sale Ref: 30**

This large three bedroom family town house is situated in the small town of Alora. If you're after a traditional Spanish village but with the advantage of being within easy access to other larger villages and the city of Malaga then this is for you. The ground floor of this traditional property consists of two large lounges/reception rooms. Leading off of the front lounge area is a fully tiled fully fitted kitchen with utility room. The second lounge area has a door that leads to the large courtyard, this also has a kitchen with utility room and it would be possible to turn this into a second toilet/ shower room. A marble staircase takes you to the upper level of the property and here you see a long corridor. Off of the corridor are three good sized bedrooms and a large family bathroom that is fully tiled and with additional cupboard space. This property also has the benefit of being located close to plenty of parking and with easy access to the train station with direct lines in to Malaga city. The beautiful EL Chorro Lake District is just a few kilometres away with many walking areas and fantastic mountainous regions.

This could definitely be your ideal family home with lots of further potential and in our opinion is definitely worth viewing.
